

MEDIA STATEMENT

DEMOLITION OF PALESTINIAN VILLAGE KHAN AL AHMAR BY ISRAEL

1. MyAQSA Foundation (MyAQSA) strongly condemns Israel's Supreme Court decision which has allowed Israel's Zionist regime to tear down and seize the village of Khan Al-Ahmar in the East area of Jerusalem. The Israeli Supreme Court has officially denied residents' appeal on 23rd September 2018, and provided a seven-day period for them to evacuate their homes. The Israeli regime has also issued a notice to Khan Al Ahmar residents to tear down and leave their own homes and schools before October 1st, 2018.
2. Khan Al Ahmar is a Palestinian village located few kilometers from the two major Israeli illegal settlements in Jerusalem, namely *Maale Adumim* and *Kfar Adumim*. The Israeli regime plans to expand these two Israeli illegal settlements, which clearly violate the United Nations (UN) Resolution 2334 and the OSLO agreement in 1993. These maliciously acts of the Israeli Zionist regime would be seen as the official starting point of the Zionist regime, demising the peace plan they had agreed before.
3. MyAQSA calls upon all Malaysians, NGOs, including the Malaysian Government to condemn and jointly protest for the destruction of a complete community of Khan Al-Ahmar by the Israeli regime. It is a violent illegal offense since the 1990s when they themselves signed the Peace Oslo Accord. This act of condemnation is very important since the terrorist acts of Israeli Regime will becoming the preceding to the abolition of ethnic and legal palestinians and villages.
4. MyAQSA calls for strategic and effective actions internationally by the Malaysian government in challenging the violation of Resolution 2334 by the Israeli regimes. If not, the seizure of land and ethnic cleansing by the Israeli Zionist regime will prevail their evil plan, of building a Greater Israel, that clearly violates international law and human rights.
